FACIALS

Signature Hydrafacial

This invigorating facial focuses on a unique four-step process (cleanse, extract, peel, and hydrate) that leaves your skin feeling clean, smooth and youthful.

MANCAVE Signature Facial

Designed especially for the needs of male skin. This facial addresses skin sensitivity, dullness and aging, as well as repairing damage caused by daily shaving.

Express Lunchtime Facial

A quick pick-me-up for your skin. This concise treatment combines a cleanse, dermaplane and Hydrojelly mask that will leave your skin feeling clean, smooth and revived.

Skinceuticals Anti-aging Facial

Revitalize fatigued skin and reverse photo-damage with key ingredients from this medical grade facial.

Skinceuticals Recovery Facial

This reparative treatment is perfect for post laser clients as well as those struggling with rosacea or acne.

ZO Skin Brightening Facial

The ultimate brightening treatment for dull, tired skin

ZO Ultra Hydration Facial

Rebalance your skin's optimal hydration.

FIBB Facial

Nurture your skin with this customized facial. This medical grade deep cleansing facial includes steam and extractions, complete with a Hydrojelly mask to enhance your skin's clarity and texture.

CHEMICAL PEELS

FIBB Radiance Peel

Enjoy this superficial salicylic acid-based facial chemical peel that exfoliates and helps improve overall complexion, and provides firmer, smoother, brighter-looking skin after just 1 use.

Get Glowing Micro Peel

The Get Glowing Micro-peel is designed to refine skin texture damaged by environmental factors and skin conditions such as acne.

VI Peel

A VI Peel is a medium-strength, medical-grade chemical peel that minimizes signs of sun damage and aging, including fine lines, wrinkles, and uneven skin texture and tone.

TCA Peel

Trichloroacetic Acid for penetration, deep scar healing, and collagen stimulation; Retin-A – acid derived from vitamin A to combat wrinkles; Salicylic Acid – this beta hydroxy acid (BHA) is an exfoliant; Phenol – has antiseptic and anesthetic properties; aids in skin penetration; and Vitamin C – ascorbic acid has antioxidant and mild exfoliation properties.

LASER SERVICES

Skin Rejuvenation with Energy Based Technology

BBL Forever Young™

Light therapy designed to target pigment, reds and browns, and restore skin tone. May be used on face as well as body.

BBL Forever Clear™

With the power of light, eliminate the acne causing bacteria, reduce inflammation, and tighten pores.

BBL Forever Bare™

With the power of light, on lighter skin types, hair reduction can be achieved.

BBL HERO Forever Body™

Complement your face's clear and youthful appearance with skin revitalization for your entire body. ForeverBody™ is the fastest way to treat pigment, sun damage and troublesome age spots across your body.

SkinTyte

As we age, skin loses its youthful firmness and cushion. Producing lax tissue. While no one escapes the forces of aging and gravity, SkinTyte can defend against them with the power of light.

HALO

Two laser wave lengths working simultaneously to improve overall tone and texture in addition to significant removal of discoloration, reduction in the appearance of fine lines and wrinkles, reduced pore size all while gaining more skin reflectivity and get that "Halo glow".

Moxi

Moxi comfortably delivers non-ablative laser energy to revitalize your skin by correcting the initial signs of sun damage and aging, no matter the season or your skin type.

Clear V

Effectively and safely treats visible vessels, broken capillaries, spider veins, vascular lesions, and skin discoloration. Visible vascular structures will be gently eliminated. Unwanted vessels will be heated by the laser energy and become less noticeable. HR

BARE HR

Bare IT delivers gentle pulses of laser energy to the skin that specifically target hair destroying it at the follicle, leaving the surrounding skin unaffected. Treatments are safe for all skin types, any time of year, anywhere on the body.

DIVA

DiVa® is a quick, convenient, in-office, minimal downtime solution for women's gynecological and genitourinary/urology health.
